

Waverly Va. 9/7/27.

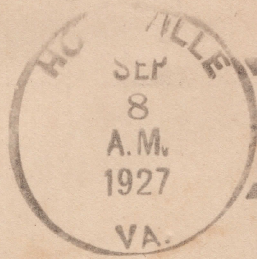

Dear Sister Lillian:-

I received a letter from Pitt yesterday and he suggests that we all deed the land to you and let you pay us for it when you sold it. He might do that as he has already gotten probably more than his share in the last land that he got from Papa but there is no business sense in it. You offered to buy my part but I didn't think at the time I received your letter that that would be best but if it suits you just make us all an offer to pay a reasonable cash amt and the balance in five years and give us your notes for it.

Any thing that is reasonable will suit me.

Your bro.
Howard.
